Messages

From the Chairman

The re-accreditation of the MIER College of Education by the National Assessment and Accreditation Council (NAAC) with high 'A' grade is a matter of immense pride and satisfaction for all of us. The college has not only successfully defended 'A' grade which it had earlier earned in 2006 but has improved its standing on the quality continuum obtaining a CGPA 3.54 which happens to be the highest ranking earned by any college in the state of J&K. I would like to extend my heartiest congratulations and gratitude to all students, members of faculty and college leadership for showcasing the college in an outstanding manner which enhanced the prestige of the college as a high ranking quality institution for teachers.

I have not the slightest doubt that our college will continue its onward march to attain even higher quality benchmarking in the times to come. Of course, it will require a lot of planning, dedication, hard work, innovation and vigorous follow up. I will exhort everyone to keep our lofty quality objectives in mind and get on with the job.

Let us all remember that defending and maintaining a high standard over time is more difficult than attaining it.

God Luck and God Bless

Dr. Arun K. Gupta

From the Principal

My heartiest congratulations to one and all for re-accreditation of the college by the NAAC with 'A' grade. It is indeed a proud moment for the management, faculty, staff, students and parents.

The college has acquired the highest grade in the state of J&K among all colleges. It is really creditable. Infact, I would like to thank all the stakeholders for their constant hard work, dedication, commitment and competence in bringing glory to the institution. We are indeed very lucky to have such an excellent faculty who have risen to the occasion and have rededicated themselves to the cause of quality education.

Now the real challenge before us will be to maintain our position in the community of colleges. For that we need to constantly strive hard to achieve our future goals with single mindedness, zeal and enthusiasm, then and then alone can we reach next level of success.

I wish you all the best of luck in your future endeavours and pray to God that you all come out in flying colours and achieve greater heights in attaining educational excellence.
