# Student Feedback Analysis Report (2021-22)

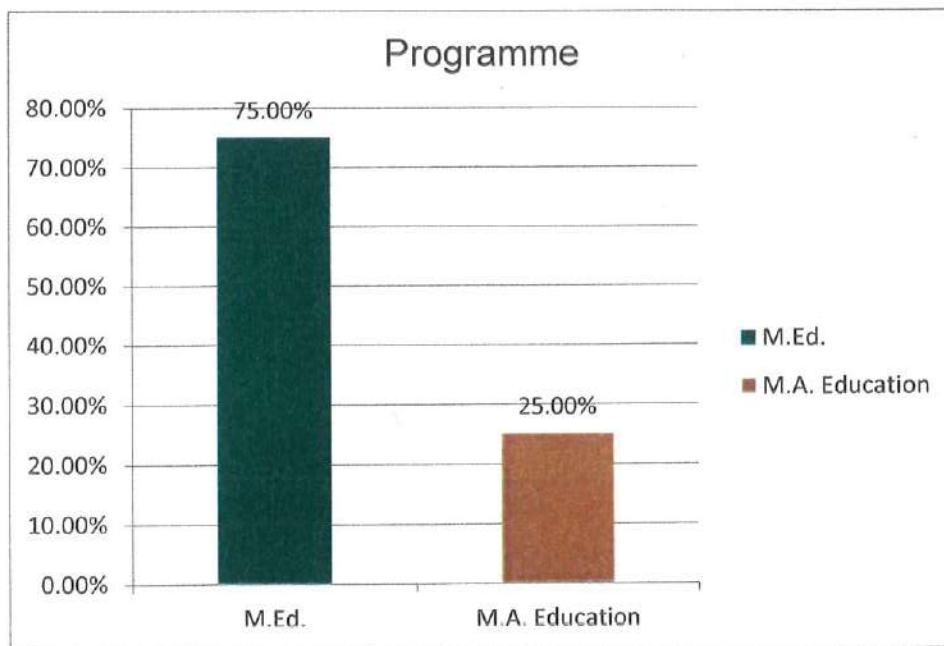

**INTRODUCTION:** The Internal Quality Assurance Cell (IQAC) is a vital part of the institution's quality assurance system and has been continuously working towards ensuring quality enhancement and sustenance. Collection and analysis of feedback from all the students on quality-related institutional processes helps to ensure the creation and enhancement of quality culture. It also provides valuable insights and guides us to serve our students and to improve the educational experience for our current and future students. This report focuses on the analysis of the feedback of students on curriculum.

**DATA COLLECTION AND ANALYSIS:** An effort was made to receive feedback from the students of the college. For this purpose, an online feedback form was created and sent to the students of UG and PG Departments, II semester (2020-2022 batch). In order to arrive at comprehensive results, useful statistical tool like percentage has been used. For the effective presentation of the data tables and graphs have been used. The scale used was- 1.
