MIER College of Education (Autonomous)

College with Potential for Excellence Status by the UGC
Recognised by the J&K Govt. & Permanently Affiliated to the University of Jammu
Accredited by the NAAC with 'A+' Grade

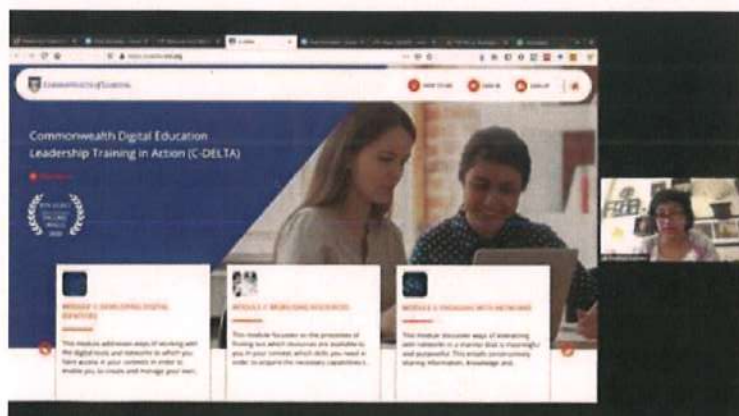

Report of the Activities Conducted In collaboration with Commonwealth of Learning (COL), Vancouver, Canada

MIER College of Education entered into a Contribution Agreement with the Commonwealth of Learning (COL), Vancouver, Canada on February 8, 2021. Under this agreement the COL shall support adoption and implementation of policies and strategies for technology-enabled learning to improve the quality of learning outcomes and fostering of innovations. COL shall also support the college for institutionalizing the adoption of Technology-Enabled Learning through research, consultation, capacity building, monitoring and evaluation.

C-DELTA Workshop

A three-week Training of Trainers programme was organised in collaboration with Commonwealth of Learning (COL) to train teachers to use the Commonwealth Digital Education Leadership Training in Action (C-DELTA) platform and develop their capacities in using digital resources in the teaching-learning process in their respective schools/educational institutions. The participants participated enthusiastically and were engaged in number of activities. It was organized from April 3, 2021, to April 30, 2021.

Workshop on TEL Policy Development

A three-day online workshop was organised on Policy Development in collaboration with the Commonwealth of Learning (COL) from June 28 to June 30, 2021. The aim was to provide technical assistance for mainstreaming the use of Technology-Enabled Learning (TEL) at the MIER College of Education. This will be a three-phase process including, a baseline study, adoption of a TEL policy, capacity building of teachers to develop blended courses, use of learning management system and open repositories, research on student learning, networking and collaboration through TEL Community of Practice, and benchmarking of TEL.

Report of the New Colombo Plan in collaboration with Curtin University Australia

Curtin University, Perth, Australia collaborated with MIER College of Education to undertake educational activities under its New Colombo Plan project. The aim of this partnership was to establish a connection between students in India and Australia and provide them a highly progressive educational opportunity that aims at making them adaptable and confident in any teaching environment. The officials of both the colleges discussed about the planning and execution of the Colombo Plan effectively. Dr. Rekha Koul gave guidelines for conducting this programme such as identification of teacher trainees and preparing schedules for organising various activities. Discussion was also held on the preparation related to technology platform to be adopted and procurement of tabs for the students who were going to participate in this programme.

Introductory Session

An interactive session was held between the students of both the countries. The aim was to bring students together to grow and innovate as the educators of tomorrow. By providing an authentic intercultural and educational program to lift knowledge of the Indo-Pacific region, Curtin University and MIER College students developed their own teaching prowess in an agile environment while considering how 21st century education imperatives inform contemporary teaching practices. Building an initial relationship with their fellow students was integral to the success of the New Colombo Plan project, and so Dr. Sheffield and Dr. Gupta co-ordinated an engaging and constructive introductory experience for students prior to their educational program. Students commenced their collaborative process by crafting an introductory video providing a snapshot of their daily life and future goals and ambitions.

Inaugural Function

An online programme was organised to inaugurate the New Colombo Plan on May 25, 2021. Ms Dantu Charandasi, Consulate General of India in Perth was the Chief Guest on this occasion while Brett Galt-Smith, Counsellor (Education and Research) joined from the Australian High Commission New Delhi. Prof. Rachel Sheffield welcomed all the dignitaries from Australia and India and said this programme will open new educational avenues between two countries and will prove to be transformational, deepening Australia's relationships in the region, both at the individual level and through expanding university, business and other links. Prof Seth Kunin, Deputy Vice-Chancellor International, Curtin University and Prof Adit Gupta, Principal MIER College of Education also expressed their appreciation for this initiative. Prof Rekha Koul in her Closing remarks thanked all the dignitaries and participants and conveyed her wishes for the grand success of the programme.

Report of the Activities Conducted in collaboration with Model Institute of Engineering and Technology

Workshop on Preparing Effective Lesson Plans

MIER College of Education organized a workshop for the faculty at Model Institute of Engineering and Technology (MIET) under an MoU signed between the two institutions. The resource persons were Dr. Bharti Tandon, Associate Professor, and Dr. Bindu Dua, Assistant Professor, PG Department, MIER College of Education. The workshop was divided into two sessions. Dr. Tandon explained the components, essentials, and approaches of lesson planning. Dr. Tandon comprehensively discussed with examples the Constructivist 5E approach of lesson planning, its concept, principles, phases and role of teacher in this approach. Dr. Dua explained the three domains of Bloom's & revised Taxonomy namely cognitive, affective and psychomotor. Dr. Dua also discussed the Regional College of Education, Mysore's (RCEM) approach of lesson planning, its design, structure and steps with examples.

Collaboration in NAAC Sponsored National Seminar

MIET organised an online NAAC sponsored national seminar on the topic "Strategic Planning in Higher Education : Challenges, Issues and Techniques" on May 29, 2021. Dr. Nishta Rana, Head, Centre for Educational Research and Mrs. Suman Gupta, Assistant Professor, UG Dept of MIER College presented papers on the topic "Role of NAAC on promoting Higher Education in India" MIER College undertook the responsibility of publishing selected papers in its International Journal MIER Journal of Educational Studies, Trends and Practices" under the MoU.

About the Seminar

The Higher Education sector in India remains heavily critiqued for not meeting stakeholder expectations. The sector is engulfed with series of challenges like lower student enrolments, existential concerns, growing student disconnect and reduced budgets. Strategic management has been employed by a variety of industries to articulate a future vision and outline specific short term and long-term goals with a view to drive competitive advantage. Higher education institutions globally and especially in the US have led the adoption of formal strategic management frameworks with a high degree of success. This one day NAAC Seminar on Strategic Planning in Higher Education: Challenges, Issues and Techniques" is focused on developing awareness among the leadership teams in Indian Academia on the effective implementation of strategic management at their respective institutions.

Key Objectives

- To deliberate on the applicability of SM as a management tool in the higher education institutions in India
- To deliberate on viable models of Strategic Management for institutes of higher education which are continuous and comprehensive in nature.
- To devise strategies for institutionalizing a culture of quality and performance.
- To engage the experts and participants in formulating a broad and simplified framework for Strategic Management framework for higher education institution in India.

Thematic Tracks

1. Role of SM in Higher Education

- Strategic Management in Higher Education: Issues and Challenges
- Strategy for Building Institutional Competency in Strategic Management
- New strategies for Higher Education with reference to NEP
- Strategic Management and Sustainable Development in Higher Education

2. Strategic Management & Quality Assurance

- Quality Assurance & Accreditation in Higher Education
- Quality Benchmarking in higher education
- Strategic Management as a tool of Quality Assurance.
- Institutional quality assurance, regulatory and public policy issues

3. Strategic Management Frameworks

- Strategic Management Theories
- VRIO Analysis for Strategic Planning
- Institutional Framework for Strategic Planning

4. Leadership and Governance

- Leadership Development in use of Strategic Management
- Institutional governance, leadership, and strategic planning
- viable Strategic Management frameworks for Indian Higher Education

5. Performance Benchmarking

- Benchmarking as a Means to Gauge and Improve Academic Excellence
- Developing metrics in Higher Education
- Key Performance Indicators for Higher Educational Excellence

About MIET

MIET is the First Autonomous Engineering College in the private sector in J&K state. Setup in 1998, it is approved by the AICTE and the J&K State Government. It is the only technical institute in J&K to be accredited by the National Assessment and Accreditation Council (NAAC). MIET has signed a MoU with the University of Missouri-Kansas City, USA for joint R&D and enabling students to pursue higher degrees. It has strong industrial linkages with 4 of the top 10 IT companies in the world - IBM, EMC, Cisco and Microsoft. MIET has filed 26 patents, incubated 3 IT products and published over 600+ research papers in the last few years.

Guidelines for Paper Submission

- Papers aligned with the theme of the seminar can be submitted to smsseminar2021@mietjammu.in
- The paper length is limited to six pages. The heading should be in Times Roman 14 font size and rest of the text in Times New Roman 12. The Abstract should be 250 word with 4-5 Keywords. The references should follow APA Format.
- All submitted papers shall be subject to a review process by subject experts.

- All accepted papers shall be published in a special issue of the MIER Journal of Educational Studies, Trends and Practices (MJESTP), indexed in web of science and UGC - CARE list.

Registration Fees:

For participants from Academicians: Rs. 2000
For students/research scholars: Rs. 1500

Note: Due to pandemic paper presentations shall be held in online mode.
